March 13, 2020

Dear Parents and Guardians,

I am writing to update everyone on our response to meeting the Coronavirus (COVID-19) challenge. Reports about the spread of Coronavirus (COVID-19) have raised concerns about the potential impact of the virus and how schools and communities should respond. Our foremost priority is the safety and health of our students and staff.

At this point in time, we have no reports of direct cases within our school community. However, out of an abundance of caution, we have decided to close Saint Leo the Great School starting on Monday, March 16th through Friday, March 27th. During this timeframe, a deep clean will be performed throughout the school facility.

Education continues to be a primary focus. As stated in a previous update, our faculty and staff have spent this week creating online educational tools and resources to ensure that high level education will continue through remote learning.

These activities and assignments posted by our teachers will need to be completed for the school days to count toward our 180-day requirement. Students must check teacher websites daily for updated work and information regarding their classes. Please be mindful that for these days to count as official school days, completion of student assignments must be evident. These assignments and assessments will count toward 3rd Trimester grades.

Remote Learning Schedule

On Sundays, teachers will post tasks and assignments for Monday through Wednesday of that week. Beginning on Monday, March 16th, students will be expected to complete assignments posted by their teachers. On Wednesdays, teachers will post tasks and assignments for Thursday and Friday of that week. Teachers will be accessible between the hours of 9:00AM through 2:00PM to answer emails for assistance with assignments and instruction clarification.

- Preschool through 4th Grade students should refer to their teachers' websites for daily instructional materials and assignments.
- Middle School students will continue to follow their regular daily A/B schedule rotation of applicable courses and their block schedule, with Friday, March 20th being an "A" day and Friday, March 27th being a "B" day.

We encourage our school community to use this time to ensure the health and well-being of everyone. The practice of social distancing should be followed.

This is a challenging time for us all. Thank you for your patience and support during these unprecedented circumstances. I will continue to provide information as it becomes available.

Sincerely,

Cornelius G. Begley, M.A. Ed
Principal
